Importance: High

Amendment 1 to RFQ: REQUEST FOR QUOTATION (RFQ) 68HE0H18Q0027
U.S. ENVIRONMENTAL PROTECTION AGENCY (EPA)

Document and Data Management Support (DDMS) for
Office of Chemical Safety and Pollution Prevention (OCSPP)

The purpose of this amendment does the following:

1. Removes Language from the RFQ
2. Provides Questions and Answers

1.) Remove the following Language from the RFQ in it's entirety:

In Subsection 13.2 Price, please note that the following statement has been removed in it's entirety:

"The Government reserves the right to use cost or price realism analysis if it is necessary to determine if total price is realistic and/or reasonable."

As set forth all information in the RFQ shall remain the same and unchanged.

2.) Provide Question and Answers

Q1.) The RFI stated that there would be 14 days to respond to the RFP. We would like to request an extension to the proposal due date.

(A1.) An extension will not be granted. Vendors shall submit their complete written virus free quotes by 10:00 a.m. ET on May 16, 2018 via email to the Contracting Officer at wilson.jessica@epa.gov

Q2.) The RFI that was sent out to industry stated this requirement would be set aside for the 8(a) Program. In the RFQ, clause EPA-L-19-101 indicates that this is a Total Small Business set-aside. Would you please clarify whether this is set aside for the 8(a) Program, or for Total Small Business?

(A2.) This requirement is a Total Small Business set-aside.
